Overview
Sonance Visual Performance Extreme speakers are the perfect choice for the most demanding environments. The VP Extreme line combines best-in-class audio performance with a new grille retention system that ensures the grille holds securely in place. They are built to withstand extreme temperatures from -30°F to +175°F (34°C to +79°C) and conform to Military Standard 810G and IP-66 ratings making them the ideal solution for bathrooms, patios and marine environments.
