**Installation**

1. For mounting applications remove the provided mounting bar and screws from the bag and secure them to the transmitter (see Figure 1).

   ![Figure 1: Attaching the Mounting Bar](image1)

   **NOTE:** THE 5 VOLT, 1 AMP POWER SUPPLY MUST BE PLUGGED INTO A NON-SWITCHED OUTLET.

   - AC100 - 120V * 60HZ
   - AC 220-240V * 50HZ

2. Plug the provided power supply cable into the Sonance Wireless Transmitter (see Figure 2).

   ![Figure 2: Power Supply and Line Level Input](image2)

   **NOTE:** MOST SURROUND RECEIVERS (AND PRE-AMPLIFIERS) HAVE A LINE LEVEL SUBWOOFER OUTPUT LABELED SUBWOOFER PRE OUT, SUB OUT, SW OUT ETC. IF YOU HAVE THIS OUTPUT, CONNECT ONE END OF A SUBWOOFER CABLE TO IT AND CONNECT THE OTHER END OF THE CABLE INTO THE SUBWOOFER LINE INPUT LABELED LEFT/LFE. THIS CONNECTION ALLOWS THE SUBWOOFER TO OPERATE WITH BOTH MUSIC AND SURROUND SOUND MOVIES (REFER TO YOUR RECEIVER MANUAL).

3. Connect RCA cables from your receiver/pre-amplifier’s subwoofer output to the input of the Sonance Wireless Transmitter.

   ![Figure 3: Pair Button](image3)

   ![Figure 4: LED Light](image4)

   **1.** Once your Sonance Wireless Transmitter and your Sonance Subwoofer are powered on, press and hold the PAIR button located on the back of the Sonance Wireless Transmitter (see Figure 3).

   **2.** Once your wireless transmitter is in PAIR mode, the LED light located on the front of the unit will blink (see Figure 4).

   **3.** Within 30 seconds, press and hold the wireless PAIR button located on the back of your Sonance Subwoofer (see subwoofer manual for further instructions).

   **4.** When your subwoofer and wireless transmitter are paired, the wireless status LED light on the back of your subwoofer and on the front of your Sonance Wireless Transmitter will turn solid blue. Your subwoofer and wireless transmitter are now successfully set-up.

---

**Box Contents**

- Sonance Wireless Transmitter
- Rack Mounting Bar
- Quickstart Guide
- Power Supply

**Compatible with:**

- Sonance Impact Subwoofers
- Sonance D8 Subwoofer

**Set-Up**

**NOTE:** THE SONANCE WIRELESS TRANSMITTER HAS A RANGE OF 30'.
The Sonance Wireless Transmitter is designed to be compatible with select Sonance products. The transmitter provides a wireless link between the audio source and the wireless receiver/subwoofer.

- Read these instructions.
- Keep these instructions.
- Follow all instructions.
- Clean only with dry cloth.
- Do not use this apparatus near water.
- Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- WARNING: To reduce the risk of fire or electric shock, this apparatus should not be exposed to rain or moisture and objects filled with liquids, such as vases, should not be placed on this apparatus.
- To completely disconnect this equipment from the mains, disconnect the power supply cord plug from the receptacle.
- The mains plug of the power supply cord shall remain readily operable.

SONANCE WIRELESS TRANSMITTER

The Sonance Wireless Transmitter is designed to be compatible with select Sonance products. The transmitter provides a wireless link between the audio source and the wireless receiver/subwoofer.
